Asset Performance 4.0 announces Conference keynote speakers

Datum: Dienstag, 26. Oktober 2021 - 9:00 bis Donnerstag, 28. Oktober 2021 - 17:00

From October 26 to 28, the **Hybrid Asset Performance 4.0 Conference and Exhibition** will be taking place in Antwerp, Belgium and online. During these 3 days, you can network at the **exhibition**, gain practical experience in the interactive **workshops** and acquire **deep insights** into the latest 4.0 technologies and fundamentals in operations, maintenance and asset management.

The conference **programme** features some distinguished **keynote speakers**, and will be kicked off on October 27th by notable representatives of prominent companies in the world of asset management, such as **Eriks** [1]**, GE Digital, I-Care** [2] and **SKF**, followed by a presentation by **Mathias Kuom** [3], seconded national expert at DG Connect, which is one of the main drivers behind industrial digital transformation. Later that day we welcome the VDW's (German Machine Tool Builders' Association) Director of Research and Technology, **Dr. Alexander Broos** [4]. The first conference day will be concluded by none other than **Peter Hinssen** [5], entrepreneur and bestselling
